To whom it may concern:

I'm applying for the job of Computer Technician Assistant. I heard about this job through a flyer posted in the office at my school.

I feel that I would be a great candidate for this job because I'm very handy with computers, I have a lot of experience working with Windows XP and website development and I'm a fast learner. Working with computers comes naturally to me.

Thank you for your time and consideration. I will be available any afternoon in the upcoming week for an interview.

Sincerely,
