

CAN WE COUNT ON YOU?

COULD YOU BE THE SECURITY GUARD WE'RE LOOKING FOR?

- We are looking for people who can undergo the job training.
- RAMtronics covets those who can act calmly in the face of emergencies and danger.
- Aside from that, we want a security guard who is friendly, can communicate and connect with people really well, and is prepared for anything.

Are you brave enough to protect someone? Can you keep your cool when people are in danger?

A SECURITY GUARD...

- patrols premises to prevent intrusion
- monitors and maintains alarms
- responds to emergencies
- maintains records of unusual circumstances
- monitors and authorizes entrance and departure of employees, visits, and other people
