

Personal Timeline Project

Part 1 – Planning Sheet

List three events that have occurred so far in your life, and then predict six personal events that could occur in your life over the next 100 years. Be creative and optimistic! List the events, year and your age at the time of the event in the chart below.

YEAR	AGE	EVENT
	0	I was born!
Jan. 2009		Today

Part 2 - Timeline Instructions:

Show the events listed above on your timeline.

- Label the timeline in intervals of 10 years, starting with the year 1990
- Label each event on your timeline with a description of the event, the year and your age at the time of the event.
- Include at least 5 illustrations(photos, pictures, clip-art or drawings) on your timeline. The illustrations should generally match your events.

You will be graded on the three requirements listed above, the proper placement of events along the timeline, and the overall appearance of your project. Good luck and have fun predicting your future!
